#### HEALTH OFFICER'S REPORT

We have had another good year as far as sickness goes. A few cases of measles and mumps and one of whooping cough are all the contagious diseases that have occurred in town as far as I know.

I wish to say at this time, I think this is a very good record and hope we can do as well another year.

The water and milk samples have also been very good.

## REPORT OF FOREST FIRE WARDEN

---

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90 per cent of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the New Hampton School Board:

My fourth annual report to the New Hampton School Board is one of progress. The past year has seen a vote by the New Hampton School District to construct a consolidated grade school in the New Hampton village. This action by the community will affect the educational lives of boys and girls of New Hampton for generations to come.

An unfortunate delay in undertaking construction was occasioned through the failure of the Laconia Evening Citizen to insert a legal notification of the meeting as required by law. This oversight will be rectified by the Legislature at this session, and it should be possible to undertake construction some time this spring.

This year, with but fourteen pupils scheduled to attend the Plaisted School, it seemed desirable to provide children living in this area with the opportunity to attend school at Ashland. This seems to have been a wise move, for children are provided with a better educational opportunity at a lower cost to the community than would have been possible under the previous arrangement.

A new program in the field of social studies has been introduced in grades four and five this year and should provide pupils with a better background in this subject matter area.

The resignation of Miss Edith Germane to be married was noted with regret. Mrs. Edith Plant agreed to teach at the Village School in her place. Mrs. Plant, last year, taught at the Plaisted School.

Some mention should be made of the fine graduation program presented last June. The work of Mrs. Estelle Watts as music supervisor in cooperation with the various teachers resulted in a program in which all of the pupils gave a most creditable performance.

Respectfully submitted,  
DONALD W. DUNNAN  
Superintendent of Schools
